IPL Human Resource Allocation & Analysis System

IPL HRAAS offers the most efficient and effective solution to perform human resource allocation analysis for Non-Governmental Organizations. It provides what-if analysis of Human Resource Allocation for management decision making, planning and budgeting.

- ◆ Support multiple pay structures, e.g. Market Rate, Point Scales, etc.

- ◆ Projection of Staff Retirement, Point Increment, MPF and Provident Fund contribution, etc.
- ◆ Budget for salary increment or decrement by percentage, flat rate, point increment, decrement or freezing, etc.

- ◆ Provide comparison with benchmarks or mid-point.
- ◆ Capable to export analysis results to Microsoft Excel.

- ◆ Integrated with IPL HRIS.
- ◆ Support manpower combination and allocation design for tendering or re-structuring.
